B. Space Server

```

Filesystem      Size  Used Avail Use% Mounted on
/dev/vda1        60G   34G   23G   61% /
tmpfs            1.9G     0   1.9G    0% /dev/shm

```

Available space is 23G. I think this is still enough for now.
